

A CAMPAIGN FOR FINNEYTOWN SCHOOLS

BEFORE US...

HONORING OUR HISTORY

ENHANCING OUR FUTURE

OUR HISTORY

Established in 1986, the Finneytown Schools Educational Foundation seeks private support for teacher grants, student scholarships, and special projects. The Finneytown Schools Educational Foundation recognizes the treasures of our past and secures them for future generations. We are grateful to our donors who have afforded us the opportunity to give \$2.5M of support to Finneytown Schools to enhance the educational experience.

OUR PURPOSE

FSEF is committed to the long term sustainability of Finneytown schools and celebrates the exceptional opportunities they provide which give our community such a sense of pride.

WHY FINNEYTOWN?

Finneytown inspires its students, staff
and community to THINK critically,
GROW intellectually, and
LIVE with integrity.

LEARNING ENVIRONMENT

Current Enrollment = 1250 students
Student : Faculty Ratio = 15:1

OUR OPPORTUNITY

Finneytown Schools has implemented a Master Facilities plan to address the third Strategic Goal in its current Strategic Plan. This facilities plan is prioritized beginning with infrastructure. With the support of the State of Ohio and our local community, we have secured the funding to accomplish much of this plan.

We recognize an opportunity to engage private support to complete the plan by renovating two landmark buildings that have been at the heart of the Finneytown experience for generations. A renovated Swartzel Performing Arts center and competition gymnasium will enhance future generations of student's experience and will provide a tangible connection to the legacy of the generations who preceded them.

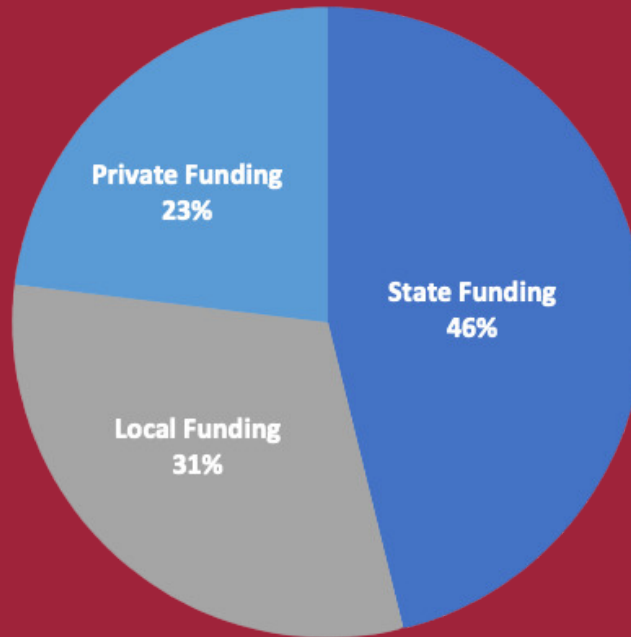

WITH YOUR HELP

Finneytown Schools Educational Foundation is seeking **\$9 Million in private support** to assist in the completion of the Master Facilities Plan by renovating the Swartzel Performing Arts Center and the current competition gymnasium.

This is an extraordinary opportunity to partner with you so we can demonstrate how *Finneytown Pride* transcends its geographical boundaries. With your support we can gather the generosity of multiple generations to preserve and incorporate into the brand new facility and share the legacy of our exceptional experience for generations to come.

WHY NOW

This project combines government funding and private philanthropy, while capitalizing on the optimization of a construction timeline to keep overall costs at a minimum. **By giving now, you help maximize** the efficiency and impact of private support for this once-in-a-generation opportunity.
